Short Titling Definition of Legal Sexualised Incentivisation Games, Tricks and Traps Corporate Veil

Opening Statement is by Congruence.

1. What does **Short Title** and **Long Title** mean?

1.1. **Answer:** A **Short Title** simply means that Relevant, Prominent and Critical Information has been withheld or omitted, either Verbally or on a Document etc.

1.2. In the U.K. Fraud Act 2006 under section 4, it states that if anybody is making Omissions it is Fraud.

1.3. **1st Example:** Short-Changing You is **Short Title**.

1.4. Paying People different compensation for the same job is Short-Changing You and this is called Economic Short Titling.

1.5. **2nd Example:** Having a Log-Book for Your car that states You are the Registered Keeper and not the Owner, is a **Short Title**.

1.6. In the **2nd Example** it is clearly saying You are not the Owner.

1.7. Keeper means that You are the Caretaker, as in Groundskeeper.

1.8. In the 1990's Your car log-book stated You were the Owner and not the Keeper, it also gave You the history of the previous Owners, similar to the Land Registry / Land Patent, this is a **Long Title**.

1.9. **3rd Example:** Not Citing or Crediting People for their Efforts, is another example of **Short Title** called **plagiarizing**.

1.10. **Comparative Example:** If You receive a Document that looks Short of Information and You are asked to pay for more Information, then You are in Possession of a **Short Title** Document that falls under Fraud in the U.K. Fraud Act 2006, section 4 Omission / s, or in the US, Lacking Discovery.

1.11. **A Person may be regarded as having abused his position though his conduct is by an omission rather than an act** – Courtesy of U.K. Fraud Act 2006.

1.12. The above sentence 1.11 is making it very clear in every certain term when there is an Omission that is not an actor acting.

1.13. It is best at this point to read 1.1 to 1.13 to be Cognisant rather than Remain Nescient, those Persons or People, making any form of Omissions are instantly conducting and conveying **FRAUD**, regardless of Jurisdiction.

2. What does a **Long Title** mean?

2.1. **Answer:** If You receive a **Long Title** Document it contains the full history as well as full instructions on how to deal with it, i.e., transfer the title without a lawyer, solicitor, prostitute.

2.2. This is what the People in England, United Kingdom, Britain call **Full Disclosure** and what the Americans call **Discovery**.

2.3. To be cognisant, You must at all times be in Possession of Your **Long Title, Long Form of Certification of Live Birth, Long Form Certification of Allodial Title**.

2.4. **To Recap:** If You are Sold Short, You know, that You are Lied to, Cheated and Robbed of Your Full **Long Title**.

3. What does **Title** mean?

3.1. **Answer:** It is a **Qualification**.

3.2. **1st Example:** Qualified to be an Able-Bodied Seaman, Mr., Qualified to be a Doctor on a Ship, Dr., Qualified to be a Captain on a Ship, Capt., a Medical Qualified Surgeon General, OSG., Qualified Trades People, TD., etc.

3.3. **2nd Example:** A Medically Qualified Coroner determines whether the Corporeal Body is with or without Spirit.

3.4. If the Body is Spiritless, Lifeless then the Medical Coroner's Duty is to determine the cause of DEATH.

3.5. **3rd Example:** An Unqualified Coroner, a **Short Title** Coroner, is the Lawyer, Solicitor, Prostitute running a Pseudo-Court in **NO-MAN'S-LAND** calling themselves COUNTY CORONER, whose job it is to make You DEAD on paper so You cannot write, witness or authorise Contracts.

4. What does **Mr., Mrs., Sir, Lord** mean?

4.1. **Answer:** It is a Specific Qualification.

4.2. Mr., and Mrs., means Able-Bodied Seaman, it has nothing to do with marriage or sex.

4.3. Both Men and Women are always called Mr., on a ship / vessel, the Term Mrs. / Ms., is there to confuse You.

4.4. All the titles of Mr., Mrs., Ms. refer to an Able-Bodied Seaman.

4.5. This Qualification is at the end of Your Name and not in front of Your Name, i.e., :Mark- kishon: Christopher, PhD., :Mark: Nadolny, Mr.

5. What does **Sir** mean?

5.1. It means that You hold an Officers Position that is higher than an Able-Bodied Seaman.

6. What does **Lord** mean?

6.1. It means that You are an Owner, as in Land-**Lord**, Land Owner, Owner of a Ship, etc.

6.2. **Furtherance to Mister;** Mr. Mark makes the Title Mr., **rank above** the Man, this means the Qualification Mr., has a life of its own and speaks in place of the Man.

6.3. The Straw-man is a very good example of reversing the position of a man into a Straw-man by way of bureaucratic paper Gerrymandering.

6.4. Definition of Gerrymandering: in U.S. politics, the practice of **drawing the boundaries** of electoral districts in a way that gives one political party an **unfair advantage** over its rivals.

6.5. Political or partisan Gerrymandering **DILUTES** the voting power, members of an ethnic group or by **LINGUISTIC-GERRYMANDERING**.

6.6. Northern Ireland is an example of Gerrymandering during **The Troubles** of 1968 - 1998, where the electoral wards were shaped to weaken Catholic voting power.

6.7. **Example:** When You call Yourself **self-employed**, You are stating You have created a Legal Fiction / Straw-man and it is that Legal Fiction / Straw-man that is now **employing You**, that Your **boss is the Legal Fiction**.

6.8. **Paraphrased:** If a Title or a Qualification speaks for itself then the Man has nothing to say.

6.9. When the Title or the Qualification is at the end of a Man's name, that means the Man controls the Title or Qualification and it is not the Title or Qualification that controls the Man.

6.10. **Paraphrased:** If the qualification is separated from the Man, then the Man becomes the debtor to the qualification.

7. If **Titles** are split, one is commonly referred to as **Equitable Title** and the other **Legal Title**.

7.1. The **Equitable Title** holder is the **Creditor**, the **Legal Title** holder is the **Debtor**.

7.2. People take up the Legal Title because they think this is where the power is, i.e., in legalities, in legalese.

7.3. In fact, You are the Creditor, they are the Debtors, not the other way around.

7.4. All things **dead**, i.e., corporations, cooperatives, trusts, need something from the **living**, i.e., men and women, to **credit** them.

7.5. **1st Example:** Its like someone giving You a menu to eat and not a meal, You pay for the menu and yet You never see the food, instead they use Your money to feed **themselves**.

7.6. **2nd Example:** A 20 Pound bank note is a **promissory** note, a promise to pay the bearer on demand the sum of 20 Great British Pounds Sterling.

7.7. This means the 20 Pound bank note that You are holding is a **promise** to pay and not the **factual** value of 20 Great British Pounds Sterling, contained within the note itself, nor is it a bond redeemable for 20 Great British Pounds Sterling.

7.8. The Great British Pound is supposed to be backed by Sterling silver on demand by the bearer, as in bearer-bond.

7.9. The US Dollar, the Federal Reserve Dollar, is supposed to be backed by crude oil.

7.10. Just like the Great British Pound, redeeming these things with the real value, is a challenge.

8. A money system holds the **factual** value within the coin itself, like the gold sovereign, the silver coin and the copper coin.

8.1. So, when You pay for goods or services, if You pay by gold sovereign, silver or copper, oil etc., that is value transferred with equivalent value, so there is no debtor-system or promissory-system within that transaction.

8.2. When You use things of **factual** value, like gold, the exchange will not be somebody else's liability, i.e., if You used promissory notes this becomes somebody else's liability because the promissory note can go up or down in perceived value.

8.3. The use of gold, silver, copper has closure and **no liability** because the value is in the coin itself and not in a **promise**.

8.4. Using promissory notes is a liability called an exchange rate, in other words, somebody somewhere is losing something.

9. People might think that they are getting a good deal when the exchange rate works in their favour.

9.1. It does not, this is just holiday euphoria, holiday madness, kicking in.

9.2. You **always** lose when You are holding liabilities.

9.3. When the price of gold goes up and down it is the number of promissory notes that is going up and down that You need to purchase an ounce of gold.

- 9.4. The perceived value of promissory notes is that You think that You are buying gold with it, when what You are doing is exchanging promissory notes for gold.
- 9.5. It is the number of promissory notes that You need to buy into gold and silver, copper, oil that is fluctuating, reducing the value of Your ability to purchase into oil, gold, silver, copper, minerals, food etc.
- 9.6. If You have one ounce of gold or silver, it buys You the same things that You bought three hundred or more years ago.
- 9.7. In other words, gold and silver are non-inflationary.
- 9.8. For Your benefit, this is repeated:
- 9.9. If You have one ounce of gold now, and You want to buy a suit, a night out at the opera, take Your lady for a meal and it cost You one ounce of gold, this is exactly the cost three hundred years or more ago.
10. **Question:** Why is gold, silver etc., a non-inflationary currency?
- 10.1. **Answer:** It is because it is **not** a debt instrument, instrument of promissory note, because the value is within the coin itself.
- 10.2. It follows properties of money:
- 10.3. Durability, Portability, Divisibility, Uniformity, Limited Supply and Acceptance.
11. To create a complete comprehension in Your mind of a **Long Title**, think of the gold coin, silver coin, as a piece of treasure and You are buying, selling with treasure.
- 11.1. It buys exactly what it has always bought throughout time.
- 11.2. Gold, silver and copper are **not** Split Titles.
- 11.3. Promissory notes **are** Split Titles, one is a promise, and the other is a note.
- 11.4. A gold or silver coin is not a promise nor a note.
- 11.5. If You hold US Dollars, Great British Pounds, Euros, You are the holder of the debt, owner of the liability.
- 11.6. Without Your ability to redeem that promissory note, You are Dead in the Water, banking has ceased.
12. Never allow a Debtor to take away that ability through Legalities.
13. Gold and Silver is an example of a **Long Title**, since it contains the whole value in itself.
- 13.1. Promissory notes are **Short Title** instruments because they have Omissions and do not contain all the facts.
- 13.2. **Question:** Is Bitcoin a **Short Title** or a **Long Title**?
- 13.3. **Answer:** It is a **Long Title** because it contains all the information, with no Omissions through a system called block-chain.
14. You, the People, to this day, remain the Creditors and any Corporations, Cooperatives, Trusts etc., that have not paid You back, are **indebted to You**.
15. Since this is known by the **original Debtors**, they turn the tables around and change You from the Creditor into the Debtor.
- 15.1. **Question:** How is this done?
- 15.2. **Answer:** By **splitting Your credit** into two and calling one of the titles, **legal** owner, and the other, **equitable** owner.
16. All Governments, Corporations etc., are always in a perpetual state of being the **Debtor** and You, the People, are always in a perpetual state as the **Creditor**.

17. The best way to comprehend and be cognisant of what is being done, is what is said in toxic Religion, that You are **born in sin**.

17.1. Sin is another way of saying You have **missed the mark**, You owe something to someone, You are the Debtor, i.e., You are reminded if You are a Catholic, that You were born in sin, off the level-plane.

17.2. You are born the Beneficiary, the Creditor.

17.3. The Fraud, or Conversion, is where the **TRICK** is played on You.

17.4. **The Tort of Conversion** is that You **give up Your credit through self-confession**.

17.5. If the Church can convince You that You were born in sin, then the conversion takes place so that they may use Your credit for their benefit.

17.6. The **Tort of Conversion** is having You, the Creditor, split Your titles, so that You can confess to being imperfect, no longer the holder of the **gold**, Your money heritage, **frankincense**, Your sexual heritage, or **myrrh**, Your health heritage.

18. You, the reader, are now commanded by this **Judicial Notice**, to visualize the following words; You, a Mother, a Father, an Uncle, an Aunt, with a baby in Your arms, walking down the street.

18.1. You are approached and greeted by a man, he looks at the baby and says, what a beautiful baby You have, Your baby is born in sin.

18.2. What is the correct response?

18.3. What does Your sense of dignity and honesty tell You, what You do to this man?

18.4. The answer is always obvious, You must never ever allow such toxic persons in Your life.

18.5. The man that has called Your baby born in sin is a subspecies, a freak, a parasite, that must never be allowed to have the opportunity to talk to You, say anything about Your baby, or convert You.

18.6. You never ask a freak or a parasite for forgiveness.

19. If You have heard the term Short Selling, this is what the Fiction World is doing, it is trading Your **Equitable Title** and making You, the People, Liable, the **Legal Title Holders**, which is the Debtor Title.

20. What is a **Legal Title Holder**?

21. Let's have a look at the word **Legal**.

21.1. Grasping the Definition / Meaning of **Equitable Title** and **Legal Title**, will firmly fix this concept and make You Cognisant as opposed to Remaining Nescient.

21.2. The word **Legal** means that You are now of a **Legal Age** to hold **Debt** or be a **Debtor**.

21.3. **Legal** means **Debtor**.

22. Being of a **responsible age** is very different from being of a **Legal Age**.

22.1. They call it **Legal Age** to make You the **Debtor**, and not **responsible age, age of competency, age of maturity** etc., which is the age where You fully understand that **You are the Creditor**.

22.2. To make sure that You take up the title of **Debtor**, they appoint a Middle-man, usually a prostitute called a solicitor, lawyer, legal executive, to introduce You to legalese, legal aid, legalities instead of allowing You to mature in Your understanding of being the **Creditor**.

22.3. Legalese means babble, gibberish, drivel, etc., and by taking up legalities, You are designated as incompetent to handle credit, and are only fit to handle debt instruments.

23. **For Example:** When You walk into a bank to open a bank account, You transfer Your **Power of Attorney** over to the legal executive in the bank, i.e., credit account as opposed to deposit account / debit account.

- 23.1. The bank now takes Your **Power of Attorney** and the credit that accompanies it, i.e., Your equity, and credits it into their own holdings, accounts by using the word deposit.
- 23.2. Deposit is a sum payable, to place in the hands of another for a pledge, for a contract - not a credit.
- 23.3. You **are** reading correctly; the bank takes Your money as a deposit and converts it into a debt for You to handle while they credit themselves with Your equity.
- 23.4. This is why the banks have custodial powers over Your money, You have lost Your **Power of Attorney**, You have lost Your banking skills, Your credits and Your custodial powers over Your own money.
- 23.5. You are commanded to fully comprehend what **Legal Age** means.
24. Naturally Coming of Age, **Legal Age** is replaced with the **Legal Debtors** position of toxifying Yourself.
- 24.1. The State, through its fraudulent, toxic Actors get Your Younglings to believe that they can now make a Legal Decision i.e., the **Debtors** decision to drink Alcohol.
- 24.2. Once You toxify Yourself through Alcohol You are listed through the County Coroners' Court as a drug user and brain dead, exhibiting Shrunken Brain Syndrome, incapacitated, **non compos mentis**.
- 24.3. **Meaning of compos mentis in English: able to think clearly and be in control of and responsible for Your conduct.**
- 24.4. For further incentive, becoming of **Legal Age** is sexualised by associating **Legal Age** with the age of freedom, which is what applying for a driver's license encapsulates.
- 24.5. The State has convinced You, the Young people, that once You are of a **Legal Age**, the Government transfers the Debt onto You by calling it **Legal**.
- 24.6. Your coming of age in maturity is what You must be proud of, making You the Debtor is what You need to reverse, rebut, throw their Debt back at their feet.
- 24.7. Remember, they are the Debtors, they are the liars, they are the sinners, not You, You are the Creditors of Your nations, this is what You are proud of.
- 24.8. **You have the Authorization and are duty bound to stop-and-correct anybody or anything that transforms the Creditor into the Debtor.**
- 24.9. **On presentation of this Judicial Notice document, all Legal systems that have been perpetrated on the People is at an End.**
- 24.10. **The ones that are legally obligated, ENS LEGIS, the Governments, Legislature, Judiciary, Executive, Corporations, Banks, Stock-Markets etc., are beings of the Legal system, it is they that are the Debtors; repeat this sentence to Yourself 3x.**
- 24.11. Anybody that says You, the People, are legally bound, can be arrested Immediately.
25. This is theft, and theft is **Rape**.
26. If You hear the Governments, Banks, Media, etc., say, we have lost the People's Faith, this means they have lost Your Credit to something or someone else, usually a transfer of Your Credit, Your faith, which is gained from You and transferred into the hands of someone else i.e., the privateers.
- 26.1. The Credit flows out of the Government, Banks, Media into the hands of something or someone else, like the privateers.
- 26.2. The above is a description of how Credit moves out of public bodies, i.e., The **Government**, hands the Credit over to the private side of the ledger i.e., to the **Privateers**, commonly termed as public-private partnership or public-private banking, converting public money into private money.
- 26.3. Private money means it is a secret, and they do not share secrets.
- 26.4. **Paraphrasing:** If You lose Credibility with the Government, Banks, Media, etc., You are saying You are withdrawing Your Credit from the Government, Banks, Media, etc.

26.5. Withdraw Your Credit rather than lose Your Credit.

27. When deception is perpetrated to the People, it is called a **Game**.

27.1. **Tricks = Traps**, played, perpetrated on any Man or Woman, and when it is on a Corporation it is called on an **Individual**.

27.2. **Game = Tricks & Traps**, many Tricks played on many People, Corporations, Individuals.

27.3. When **Tricks** are played, perpetrated on just one Man or Woman or a Corporation etc., this is an open display, a **Trap** is being set up for You, just on a single Man or Woman or a Corporation.

27.4. The word **Game** is the plural as well as the collective for all the above.

27.5. **Example:** When You are asked to choose between a **Trick** or a **Treat**, that is the **Trap** that is being set for You.

27.6. The invitation for a **Trick** or a **Treat** is an invitation to participate in the **Game**, the **Game** is the acceptance of the **Tricks** and the **Traps**, this is what the word **Game** means.

27.7. Next time You are being asked to play Halloween **Tricks** and **Treat**, refuse the offer.

28. When a Police officer for the Judiciary makes an allegation or an accusation that You have done something Illegal, this is what they are **factually** saying to You; that You, as a Man or a Woman, have successfully claimed Your Power of Attorney, made them the Debtors and You have become the Creditor.

28.1. At this point, the **factual** Debtors will try to get You, the Creditor, into being the Debtor again by making Allegations and Accusations Against You, with threats and intimidation to reverse Your Successes – **remember You are Always the Creditor, the Wealth of Your World and they are Always the Debtor**.

28.2. What other Powers are there in the **Judicial Notice**?

28.3. **1st Answer:** In the Corporate System, You have a **Corporate Veil** and that is the Veil that these persons hide behind.

28.4. Cambridge Dictionary Definition of **Veil**: Something that prevents You from knowing what is happening, example, we want to lift the veil of secrecy that surrounds government decisions.

28.5. **2nd Answer:** These persons also hide all their Corporate Secrets.

28.6. **3rd Answer:** Corporations, by their very nature, are the near perfect Legal instrument that these highly Toxic and Weaponised Persons use against the People, collectively it is called a **Corporate Veil**.

28.7. **4th Answer:** The **Corporate Veil** has a full record of their evil doing.

28.8. **5th Answer:** **The Judicial Notice is the only known mechanism that quite literally, factually is able to lift the CORPORATE VEIL.**

28.9. Read the above sentence 3x.
